## About Town

And Country

By TIMOTHEUS T.

### The Webster Pharmacy Being Remodeled, Will Get New Name

**ABOUT TOWN:** The Webster Pharmacy is getting a new face and when it gets its new face it will get a new name.

The face will be Williamsburg style, the name The Moore Pharmacy.

It was in 1941 that Mr. and Mrs. B. W. Moore bought the drug store on the north side of the square from E. B. Webster, pioneer pharmacist, and the changing of the name around Christ mas time will mark the passing of a drug store name that has been in existence for years and years. The Moores retained the Webster name after the transaction.

The front has been torn away and the new front will be constructed under contract by Stanley Edmister, Eldorado, who is constructing the telephone building on Church street, but business is going on as usual.

The Williamsburg style front will be recessed four feet from the sidewalk with flower boxes under each of the two paneled windows. The front will be of brick and in the center will be two doors. Framing will be in white. On each side of the doorway will be a large antique coach lamp. Display windows will be eliminated.

The Moore Pharmacy sign across the front will have dark green lettering on a white background and at night a background of indirect lighting will silhouette the letters.

Mr. Moore expects the new front to be ready Dec. 21, in time for Christmas.

**DOWN ON EAST POPLAR** improvements continue at the two motels, the Uptown and the Travelers. The split-level home of Mr. and Mrs. Olen Ingram at the Uptown is coming along nicely and they hope to occupy this house, of brick and redwood vertical siding, by Dec. 13. The property has been levelled so that additional motel units can be built on the east side.

Across the street at the Travelers motel, a house to the west has been razed and the ground levelled off. Also, a new, wide driveway has been added.

**ABOUT COUNTRY:** I have been informed that the Peabody Coal Co. is taking options to buy land between Mitchellville and Cottage Grove for an anticipated stripping operation. No figure on the acreage was available, but it may run 3,000 to 4,000 acres.

I understand that a bloc of 1,200 acres has been under contract in Cottage township which would be a part of this project. It was recorded under the name of the Victoria Coal Co., which is a subsidiary of Sinclair Peabody.

## Bishop Zuroweste to Confirm Class At St. Mary's Church Sunday Evening

His Excellency, The Most Reverend Albert R. Zuroweste, Bishop of Belleville, will visit St. Mary's Catholic church here to administer the Sacrament of Confirmation on Sunday evening at 7 o'clock.

## Recount of Carrier Mills Precinct Cuts Burroughs Lead to 60 Votes

A recount of the Nov. 6 election results in Carrier Mills Precinct 1, where a number of ballots were inadvertently overlooked in the counting election night, showed James R. Burroughs' lead over Quentin Bowers for circuit clerk cut from 114 to 60.

Yesterday's recount, in which more than 100 ballots that were not counted election night were included, gave Bowers a gain of 78 and Burroughs a gain of 24, or a net gain for Bowers of 54 votes. The totals were 386 for Bowers and 281 for Burroughs.

The first announced vote for circuit clerk in Carrier Mills was 308 votes for Bowers, the Republican incumbent, and 257 for Burroughs, his Democratic opponent.

However, on the morning the canvass of the county vote was being made, the judges and clerks of Carrier Mills 1 appeared before the canvassing board and testified that more than 100 scratch ballots had not been counted thru oversight.

Yesterday Circuit Judge C. Ross Reynolds told the canvassing board it had the authority to have the Precinct 1 election judges and clerks make a recount and this recount was started shortly before

fore 2 p. m. yesterday in the office of County Clerk Don B. Garrison. When they finished around 7:30 p. m. the precinct count gave Bowers 386 and Burroughs 281, a margin of 105 for Bowers, compared with a 51 margin for Bowers in the first count.

That made the total count for Burroughs in the county 7,732 to a vote of 7,672 for Bowers.

The recount of Carrier Mills 1 will change the total figures for all candidates on the ballot voted in Saline county. The complete canvassed figures will be carried next week.

## UN Anger at Russia Near Boiling

### Hoover Says U. S. Will Back Up Any Action

UNITED NATIONS, N. Y. (UP)—Western anger at Soviet "mass murder" in Hungary and the deportation of thousands of young men to Siberia neared the boiling point today.

Emilio Nunez-Portuondo, head of the Cuban delegation, said he will introduce a resolution in the United Nations General Assembly Monday charging the Soviet Union with genocide (mass murder) and demanding the Soviets stop herding free Hungarians to Siberia in retaliation for the Hungarian uprising.

Acting Secretary of State Herbert Hoover Jr., gave U. S. approval of the Cuban effort Friday and said the United States would "fully support" U. N. action if the Soviets send volunteers to the Middle East.

### Policy Debates Interrupted

The assembly interrupted a parade of policy debates when Hoover, standing in for the recuperating Secretary of State John Foster Dulles, asked that the Hungarian situation be taken up immediately. Only six of 79 nations had pressed their policy speeches, which usually fill the first few days of each annual assembly session.

Hoover told the assembly the United States "cannot remain silent while Hungarian men, women and children are forcibly deported" by the Soviets.

"The secretary general's request for admission of U. S. observers into Hungary has been rejected. This means we must redouble our support of his efforts. At the same time, we must give urgent consideration to the next steps the U. N. can take."

He strongly urged "appropriate action" if Soviet "volunteers" are sent to the Middle East. Hoover said the use of Soviet volunteers "would be clearly contrary to the resolution adopted Nov. 2, which was supported by 64 members of this assembly."

## Heart Attack Is Fatal to Elmer Dallas, 66

Elmer Dallas, 66, who was born and reared in Dallas area community west of Harrisburg, died at 11:10 a. m. Friday at his residence on Creal Springs RFD 1. An unexpected heart attack caused his death. He was a farmer by occupation.

Mr. Dallas was a brother of Henry, Everett and Dewey Dallas. Carrier Mills, and was a son of the late Mr. and Mrs. W. J. Dallas.

He leaves his wife, Mary Sawyer Dallas, and three children, Mrs. J. Tyer, Memphis, Tenn., Leo Dallas, Springfield, Ohio, and Mrs. E. L. Shoate who is in Alaska and whose return for his funeral was being negotiated today by the American Red Cross. Her husband is in military service in Alaska. A stepson, W. S. Sawyer, Los Angeles, Calif., also survives.

Mr. Dallas, a member of Fairview church, was also a member of Masonic Lodge No. 778, of Simpson.

His body was taken to Miller funeral home, Carrier Mills.

## Gas Well Is Completed

Taken from the Robertson Tri-State Oil Report

The Sun Oil company's Blankenship-Kittinger Unit No. 1, NW 1/4 SW, 24-8S-7E (Eldorado township), was completed as a gas well after perforations in the Palestine and Tar Springs.

Massac's P. Galleher No. 2, NW 1/4 NE SW, 26-8S-5E (Brushy) was on pump testing the Cypress after fracture.

Jack Inglis' Bert Keelin No. 1, NW 1/4 NE NE, 11-8S-4E (Galatia) was on pump testing the Rosiclare and pumped 15 barrels per day naturally.

Keystone's Johnson No. 1, NE 1/4 NW SE, 19-7S-5E (Tate) was on pump testing the Aux Vases after fracture.

## Young Mother Flees Romanian Embassy, Pleads for Mercy for Daughter, 11

BUENOS AIRES, Argentina (UP)—A young mother who fled the Romanian Embassy with her family appealed today for mercy for an 11-year old daughter still in Communist hands in Romania.

Mr. and Mrs. George Coman and their two boys were granted political asylum by the Argentine government and placed under protective custody. But fear that her daughter, Maria, in Bucharest would suffer for their actions was uppermost in Mrs. Coman's mind.

"Don't let them do anything to her," she pleaded tearfully with Argentine authorities. "Please get her free."

### Wanted As Hostages

Romanian Embassy officials re-

captured Mrs. George Coman and her younger son in a vain attempt to use them as hostages after the family had made one break for freedom Friday.

The break came while Coman, his wife and their two children were being escorted from the Embassy to drive to the airport to be returned to their Communist-dominated homeland. Coman, an embassy chauffeur, had been convicted by a Communist kangaroo court of becoming "too bourgeois"

and ordered "deported" to Romania.

Coman, 31, pulled a pistol which he had slipped from the Romanian minister's desk and started to run with his four-year old son, Gig, toward a policeman. He shouted to his wife to follow with nine-months old Luciano.

Their cries and struggles against the Communist escort brought police, and a huge crowd of Argentines, on the run.

### Official Grabs Baby

While the police asked questions, a Romanian official darted from the embassy, grabbed the baby from Mrs. Coman's arms and ran back inside. A few minutes later, a maid appeared and seemed to offer the baby back. Mrs. Coman moved toward the embassy doors and men leaped out and dragged her screaming inside.

A short while later, she climbed onto a second-story window ledge and clung there until rescued by Argentine workers.

The Argentine government demanded and won the release of the baby on grounds he was an Argentine citizen because he was born here.

## New Dispute Between Britain and Egypt Threatens UN Peace Moves

LONDON (UP)—A new dispute between Britain and Egypt over the Suez Canal today threatened to collapse Middle East peace moves.

Secretary General Dag Hammarskjold, in Cairo for talks with Egyptian President Gamal Abdel Nasser, was caught squarely in the middle.

Success of the United Nations emergency forces in the canal zone was seriously endangered even before they could take up their duties of policing the troubled areas.

The latest dispute arose when the British Admiralty announced that at least 49 sunken ships were blocking the canal and that the job of re-opening the waterway should be given to the Royal Navy, with crews also working at the Egyptian-held south end.

This brought an angry reply from Col. Abdel Kader Hatem, director of the Egyptian Information Department, who said such an act would be a violation of the U. N. resolutions on the Middle East.

A new demand for a stronger Anglo-French stand in the Suez crisis came today from Patrick Maitland, a Conservative member of Parliament and one of the "Suez rebels" who have demanded strong action against Nasser.

Hammarskjold already was reported having trouble in his Cairo talks with Nasser over the widely different approaches taken to the problem by Egypt and by the Anglo-French forces.

Cairo has insisted throughout that the Anglo-French forces withdraw immediately, from the canal zone and that the U. N. forces be reduced to patrolling the old Egyptian-Israeli cease fire line.

Britain and France have insisted their troops will remain until they are assured the canal will be reopened.

The New York Times reported in a Washington dispatch today that the United States had joined British and French officials in agreeing that U. N. troops should station units along the entire length of the canal in addition to placing men on the Israeli-Egyptian border.

Meanwhile so many U. N. troops were arriving at the U. N. staging area at Capod chino Airport outside Naples that the situation was getting serious. The troops are being flown from Italy to the old RAF base of Abu Sweir in the Suez Canal zone by only Swiss Air transports. The planes can't keep up with the flow of men to Naples.

Total U. N. member contributions of men reached 4,680 and the number was growing rapidly.

## Cave-in-Rock Resident Dies

Mrs. Hallie Riley, wife of James Riley of Cave-in-Rock, died at 1 p. m. Friday at the Hardin County General hospital at Rosiclare.

The body lies at the Rose funeral home in Cave-in-Rock and no arrangements have been made.

Army in Tacoma, Wash., Mrs. Freda Milligan, Harrisburg, Mrs. Ruth Henderson, Pontiac, Mich., Mrs. Helen Crisp, Harrisburg; one brother, Alex Parkison, Pontiac, Mich., a sister, Mrs. Verba Phelps, Norris City, and seven grandchildren.

The body will remain at the Gibbons funeral chapel and funeral plans are incomplete.

## Evacuate SIU GI Housing Project

CARBONDALE, Ill. (UP)—Some 110 families were evacuated from a GI housing project today, when gas feeding into their homes turned liquid.

Firemen, who conducted the evacuation, theorized it may have been caused by a sudden drop in temperature Friday night.

No one was injured, and an investigation was begun by authorities of Southern Illinois University, where the project was set up for students and their families.

Meanwhile, the project area was sealed off to forestall a possible explosion.

## One Killed, 2 Hurt Near Metropolis

State police said the dead man was Paul Clemons, 34, Grand Chain, Ill. Injured were Wilford Mathis, 31, and Alfred M. Goodman, 26, both of Joppa. Goodman was critically injured.

## Area Would Be Open to Open Sky Inspection Plan

### Sweeping Proposal Made in Notes To Five Powers

MOSCOW (UP)—Russia today proposed the creation of a 1,000-mile buffer zone between East and West which would be subject to President Eisenhower's "open sky" inspection plan.

The Soviet government made its sweeping disarmament proposal in notes to Mr. Eisenhower, Red China's Premier Chou En-lai, Prime Minister Anthony Eden, Premier Guy Mollet and Indian Premier Jawaharlal Nehru.

The notes proposed a "summit" conference to consider the plan, including leaders of the Big Four and India, possibly accompanied by the chiefs of government of the principal allies of East and West and such "neutrals" as China, Yugoslavia, Indonesia and Burma.

The notes repeated the Soviet call for a reduction of armed forces to the following totals: United States, Russia and China, 1,000,000 to 1,500,000 men each; Britain and France, 650,000 men each, and other nations, no more than 200,000 men.

Russia said it is now ready to accept aerial inspection of an area extending for 800 kilometers (496 miles) on either side of the "line of deployment" of Big Four troops (the Iron Curtain).

Such a buffer zone would include the southeastern corner of England, roughly the eastern half of France and all the territory of America's other European allies except Spain.

On the Russian side, it would take in about half of Romania, half of Bulgaria and all of the other satellite states, but would touch Soviet territory only in a tiny corner adjoining Czechoslovakia's eastern tip.

The Russian proposal also repeated the Soviet call for a prohibition of nuclear weapons, including destruction of existing stockpiles of atomic and hydrogen bombs and a ban on nuclear tests.

In Washington White House Press Secretary James C. Hagerty said Mr. Eisenhower had not yet received the new Russian proposal.

Experts noted that inspection of a so-called neutral zone encompassing the line of deployment between NATO troops and those of the satellite countries of the Warsaw Pact would not prevent war preparations to the rear of either side.

Hagerty said the proposal will be "carefully studied" as soon as it is received.

The statement included the most sweeping proposals for disarmament yet made by the Soviets. It was given to foreign correspondents at a specially-summoned news conference at the foreign ministry.

The Soviet government indignantly denied the reported concentration of Soviet forces in Eastern Europe for aggressive reasons.

"If the Soviet Union actually had the aggressive intentions ascribed to it, it would utilize the circumstances recently developed to attack the armed forces of the Atlantic bloc and could materialize the military objectives ascribed to it in Western Europe even without using modern nuclear and rocket weapons," it said.

"It could be said frankly that at the present time in Western Europe a strategic situation has developed which favors the Soviet armed forces even more than was the case at the end of World War II when the fully mobilized and armed Soviet armies could have established themselves in the whole of Western Europe if the Soviet Union had that objective."

## The WASHINGTON MERRY-GO-ROUND

by DREW PEARSON

DREW PEARSON Says: White House mysteriously Cancels Judge Saund Broadcast; Ike's Pal, George Allen, Represents Odium Interests; Uncle Sam Rehires Expert With Conflict-Of-Interest Record.

WASHINGTON. — Judge D. S. Saund campaigned for Congress all fall by saying: "If elected I will go to India."

He was paraphrasing Eisenhower's famous 1952 pledge that if elected he would go to Korea. But Judge Saund wasn't joking. In impassioned voice he told how Indians misunderstood the United States, had the wrong impression about prejudice. He said that he had found no prejudice against color in California, had been elected a local judge, would tell the story of no race prejudice if he was elected to Congress.

On November 6, Judge Saund was elected. Immediately he got in touch with the Voice of America in Washington, offered to broadcast to India and other parts of the world to tell the story of how, for the first time in history, a native-born Indian, now a naturalized American, had been elected to Congress.

The Voice of America promptly accepted his offer, arranged for him to come to Washington and broadcast November 15.

Judge Saund had purchased his airplane ticket and was to leave Los Angeles November 14. Suddenly he got word from the Voice of America that the broadcast was canceled.

What he did not know was that the Voice of America had received a memorandum from the White House. It was a direct order that congressman-elect Saund was not to broadcast to India or any other place. No reason was given. It was hinted unofficially, however, that there were alleged irregularities in his election campaign.

A checkup on Judge Saund's election revealed that he had spent between eight and ten thousand dollars, which is modest. There was no indication of irregularity. His opponent, Mrs. Jacqueline Cochran Odium, former heads of the WASPS, founder of a beauty cream company, and wife of financier Floyd Odium, had spent five or six times as much.

In Washington, the representative of Floyd Odium is George Allen, one of the closest of the Eisenhower's personal friends. Allen is a director of the Atlas Corporation, parent company of the far-flung Odium financial empire. He was also the originator partner in the Eisenhower Gettysburg farm, and has been partner with the President in a Howard Johnson restaurant in Washington, D. C. He plays bridge with the President at Gettysburg.

What part George Allen played in the mysterious memo from the White House to the Voice of America could not be ascertained. But those who know of his close relationship with Ike wondered.

Note—Judge Saund plans to go to India immediately after Congress adjourns, or at any other time the administration desires it.

### CONFLICT OF INTEREST

A top government consultant who was caught in a conflict of interest has quietly returned to his government job. He is John C. Clay, loaned to the government by National Starch Products in 1952 long enough to push through the company's application for tax amortization.

A House Judiciary subcommittee, which investigated Clay, called his case "the most unusual illustration of services performed by a government consultant for an employer by means of an expense account."

Yet, despite the congressional blast, Clay was quietly rehired last month by the Commerce Department and assigned to the Defense Services Administration.

What outraged the Judiciary subcommittee was an entertainment expense account which National Starch Products gave him while in Washington. In one year, Clay spent \$2,300 entertaining fellow government employees who could be helpful to his company. One voucher sent back to his company declared:

"Entertainment is running higher but contacts in the canning field are excellent at present. . . . Hal Moyer is good contact on both eponychlorhydrin, and more important is pushing the research lab portions of our T. A. (Tax Amortization)."

Clay was referring to his company's application for a rapid tax write-off on a new \$698,000 plant. The application had been pigeonholed in Washington until Clay was loaned to the government as an unpaid consultant. He promptly undertook to push his company's application; he contacted government officials handling it and entertained them at the company's expense. Within one month he got the tax write-off approved. National Starch Products was so pleased with his success that it promptly filed for an additional tax write-off. Clay, working inside the government, continued to push his company's interest. For example, while he was supposed to be working for the taxpayers, he reported to his company:

"I have had several talks with Joe Rand who is director of the Post Certification Division. He has examined his file on our T. A. (Tax Amortization) and thinks we have a good case."

On another occasion, Clay used his government influence to transfer Jacob Schaffer to the Commerce Dept. The Judiciary subcommittee charged that Clay's interest "appears to have been related to Mr. Schaffer's responsibilities for aiding Clay's employer . . . in the continued operations of wet milling plants."

Clay left the government service July 13, 1953, after he had helped his company as much as he could. Believe it or not, he is now back in the Commerce Department again, on loan from National Starch Products.

### CRISIS CAPSULES

The National Security Council has definitely recommended backing Britain, France and Israel in case of Soviet intervention in the Middle East. This was the outcome of a grave, three-hour meeting November 8. . . . Secretary of Defense Wilson took the lead in pleading that we cannot let the Russians take over the strategic Middle East oil fields. Adm. Arthur Radford, the Joint Chiefs chairman, gave a cold military estimate of what we could do to stop Russia. . . . Our strategy will be to localize the fighting, if possible, to the Middle East. . . . Despite British-French protests to the contrary, Central Intelligence has reported flatly that our allies knew in advance about Israel's plans to attack Egypt. Yet they kept us so completely in the dark that Secretary of State Dulles expected an attack on Jordan.

## Social and Personal Items

**Amanda Reynolds Missionary Society Holds Meeting**  
The Amanda Reynolds Missionary society of the First General Baptist church of West Sloan street met Wednesday, Nov. 14, at 6 p. m. in the lower rooms of the church.

The teacher, Sylvia Fowler, opened the service with the group singing "Count Your Blessings" and with prayer by Ollie Ferrell. "O Give Thanks to the Lord for He is Good," Psalms 95, was the theme for the lesson. Geraldine Ewell presented the field study for the coming year which is Southeast Asia and gave a most interesting outline.

Mrs. Ferrell read Matthew 1:18-21 as the scripture lesson.

The business session was conducted by the president, Cora Church.

Closing prayer was given by Ola Maszaros. There were nine members present and four out of town visitors from the Stonefort General Baptist church.

Present were Lillie Allen, Dena Ellis, Cora Church, Stella Partain, Ollie Ferrell, Sylvia Fowler, Ola Maszaros, Geraldine Ewell, Louise Brinkley, and visitors, Lillie Phillips, Lela Whipple, Opal Redwine and Mildred Reynolds.

**Soldiers for Jesus Meet at Sweat Home**

The Soldiers for Jesus Sunday school class of the Dorrisville Social Brethren church held its monthly social recently at the home of Mr. and Mrs. Louie Sweat.

The business meeting was opened with a prayer by Rev. Earl Vaughn and was conducted by the class president, Gus Agin. Treasurer's report was given by Mrs. Alice Wilson.

Following roll call which was answered by scripture verses, the devotion was given by Mrs. Alice Wilson. During the social hour games were conducted by Mrs. Roberta Vaughn.

Refreshments of pumpkin pie, whipped cream and coffee were served to the following: Rev. and Mrs. Earl Vaughn, Janice, Jimmy and Gerald, Mr. and Mrs. Gene Wilson, Harold and Denny, Mr. and Mrs. Gus Agin and Shirley, Rev. and Mrs. Clifford Bennett, Mr. and Mrs. Louie Sweat, Gary and Stevie.

The next meeting will be the annual Christmas party at the home of the class teacher, Mrs. Lawrence Reed.

**First Baptist Frances Moon Circle Meets**

The Frances Moon circle of the Harrisburg First Baptist church met Nov. 14 at 1:30 p. m. at the home of Pearl Allen.

Gertrude Lawrence was in charge of the meeting in the absence of the chairman, Dean Mitchell, who is recuperating at her home from a heart attack.

Marie Webb had charge of the program. "Blessed Hour of Prayer" was sung followed with prayer by Mima Woolard who especially remembered the Baptist missionaries. Scriptures on prayer were read by the group.

The topic, "Our Men Overseas," was given by Mrs. Woolard who named the boys from the Baptist church who were in service and asked the members to include them in their prayers. Wanda Lane gave the topic, "The Day I'd Like to Forget," as was told by a young man who was just ten years old at the time of the bombing of Japan.

The meeting closed with prayer by Marie Webb. Refreshments of ice cream, cake and coffee were served by the hostess and her daughter-in-law, Grace Allen.

Mrs. Pauline Pritzker of Englewood, Colo., and daughter, Susie, are visiting in Harrisburg and Carbondale with her sons, Richard and Russell McDowell, who are students at Southern Illinois University. In Harrisburg she is visiting at the home of Mrs. C. M. McDowell.

**B. & P. W. Club Entertains Group from Fairfield in Exchange Program**

The Business & Professional Women's club entertained members of the Fairfield club Tuesday evening at the regular November dinner meeting in the fellowship hall of the Christian church. The visiting club presented the program for the evening and introduced Clyde L. Stroup, D. D. S., of Fairfield as speaker.

Dr. Stroup presented a most interesting and informative talk about the physical importance and care of teeth from a baby's formative period through the lifetime of the individual. He gave many statistical figures showing the ratio of population and number of dentists in the United States, and how much money is spent on cosmetics, cigarettes, liquors, etc. in comparison to the amount of money spent on dental care. By diagrams he showed how a nutritious diet from babyhood through a lifetime is the best insurance for good teeth. He stated that the teeth are the only part of the body that cannot be replaced.

Nine members of the Fairfield club were present with their president, Miss Alta Feller. This was an exchange program as agreed by the four clubs in the district each club visiting another club to present one of the programs as set forth by the national program.

During the business meeting at which Mrs. Edna Lewis, president, was in charge, the club voted to give cash to the Salvation Army drive and also to the Mentally Retarded Children's organization. She also reported that members from the club had acted as chaperones at the youth center during the month of October and thanked them for their action.

Two guests, Mrs. James White and Mrs. Muncie Gossage, formerly of Christopher and a member of the Christopher club, but now a resident of Harrisburg, were present.

The next meeting will be the Christmas party at which time officers of the club are hostesses.

**Susannah Wesley Class Elects Officers**

The Susannah Wesley Sunday school class of the First Methodist church met Thursday evening at the home of Mrs. Coy C. Brown.

The meeting was opened by the president, Mrs. Eleanor Blades, and each member gave a Bible verse from the book of Ephesians.

A devotion, "The Thanksgiving I Don't Forget," was given by Mrs. Chas. Gilliam. After the report by the secretary and treasurer it was voted to give ten dollars to the Santa Claus fund and twenty-five dollars to the Building fund.

Officers for the coming year were elected as follows: President, Mrs. Morris Skaggs; vice president, Mrs. Mitchell Golish; secretary, Mrs. A. W. Ledbetter; recording secretary, Miss Lola Robb; treasurer, Mrs. Nelson Pankey, and reporter, Mrs. Pat Shelton.

The Christmas social will be Dec. 20 at the home of Mrs. Morris Skaggs.

Mrs. Walter Coker, assistant hostess, conducted the recreation period after which refreshments were served to:

Mrs. Gordon Guard, Mrs. Mitchell Golish, Mrs. Ed Cummins, Mrs. Chas. Gilliam, Mrs. Walter Cummins, Mrs. Eleanor Blades, Mrs. Nelson Pankey, Mrs. Eugene Morris, Mrs. Morris Skaggs and Mrs. A. W. Ledbetter.

Mr. and Mrs. Ronald E. Bean arrived this morning to spend a 15-day leave with their parents, Mr. and Mrs. Aubra Jones and Mr. and Mrs. Ed Egan. Ronnie is in the Navy, stationed at Atlantic City Naval Air station.

**First Baptist W. M. S. Holds Monthly Meeting**

The W. M. S. of the First Baptist church held its regular Royal Service meeting Thursday afternoon in the church auditorium with 43 members present.

The Dorothy Lawton circle's president, Mrs. Stella McNulty, was in charge of the program which opened with the group singing the hymn "From Greenland's Icy Mountains." They were led prayer by Mrs. Lula Scronce.

Scripture reading was by Mrs. McNulty who read Isaiah 12:1-5. The program subject was "Joy From Wells of Salvation." The familiar daily international news-cast was adapted to the program and Mrs. McNulty used a radio to suggest the idea. Those who participated as "correspondents" were behind a screen which made the radio program seem more realistic.

Mrs. S. J. Cole was the announcer for the "Christian World News Roundup." Mrs. Lee House was a Ruschikon correspondent, Mrs. Alma Riegel, Hong Kong correspondent, Mrs. Gloria Adams, Nigerian correspondent, Mrs. Grace Hiller, commercial, Mrs. Lora Price, Moscow correspondent, and Mrs. Rosa Powers, Havana correspondent.

Closing remarks were by Mrs. McNulty.

*Brilliantly new in Beauty...Brilliantly new in Performance!*

Represented above are the most significant advancements we have ever been privileged to present.

This is Cadillac for 1957—entirely new in design and engineering... and bringing to the world's highways a wholly new standard of motor car quality and excellence.

Cadillac's renowned stylists have created a brilliant new Cadillac beauty... majestically graceful of line... wonderfully exciting in spirit and in concept... and with a new balance of chrome and glass and steel.

Cadillac's master coachcrafters have brought a new measure of luxury to the car's interiors... with gorgeous new fabrics and leathers... with inspiring new colors and patterns... and with marvelous new appointments and conveniences on every hand.

And Cadillac's world-famous engineers have introduced a sensational new concept of automotive performance... with two great new engines... with an even smoother, more responsive Hydra-Matic Drive... with

greatly improved power steering and power braking... with a revolutionary new frame design... and with a host of other equally vital engineering advancements.

These dramatic Cadillac achievements are being presented for 1957 in ten individual body styles, including the breath-taking Eldorado series.

We cordially invite you to see... to inspect... and to drive the brilliantly new 1957 Cadillac at your very first convenience. You'll be welcome at any time.

**Prayers Sunday for**  
**Mentally Retarded**

Prayers this Sunday for mentally retarded children will be made in many churches throughout the country in the observance of National Retarded Children's Week which began Nov. 11.

In Saline county the Saline County Association for Mentally Retarded Children is making an appeal to all denominations asking that observance of National Retarded Children's Sunday be noted. Miss Sara Nelson, president of the local unit, said in her letter to religious leaders that in our community the problem of mental retardation was as severe as in all localities in the United States. "An estimated three of every hundred children born are destined to carry this tragic burden throughout their lives," she said, "but their lot in life can be improved by the help of the community."

A great deal can be done to help retarded children, Miss Nelson said.

On a national scale, the National Association for Retarded Children, with headquarters in New York, renders a program of services to the more than 400 units of the association throughout the country, and conducts a research program for which funds are urgently needed. A small percentage of the funds collected in Saline county goes to support research.

General Andrew Jackson used cotton bales as barricades in his defense of New Orleans against the forces of British leader Sir Edward Pakenham, in 1815.

be greatly eased by the understanding and help of their fellow citizens.

## From GOD...to MAN

A field of wheat... a human soul!  
Gifts from God—upon which man puts the imprint of his own labor, and faith, and wisdom.

The result; a loaf of bread... a Christian.

Life is teamwork with God. Man receives what he cannot create, and fashions what he needs. But between resource and product are vital steps.

Between a field of wheat and a loaf of bread must be the mill and the oven.

Between the new-born soul and the mature Christian must be a Church and a religious home.

True thanksgiving is the sacred resolve to use what God has given to fashion what God desires.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### 'The Beatitudes'

Matthew 5:1-12  
GOLDEN TEXT: "Blessed are they which do hunger and thirst after righteousness: for they shall be filled." (Matt. 5:6)

INTRODUCTION — The Sermon on the Mount, from which the Beatitudes are taken, is considered to be one of the greatest pieces of literature ever written. They are studied in law school and schools of journalism and literature in colleges and universities all around the world.

However, the Sermon on the Mount is more than just a piece of literature. It is a way of life. It is so, because the words were spoken first by Jesus Christ, the Son of God.

Jesus was the greatest teacher that ever walked on earth. There is no "modern" method of teaching that he did not use. He is the supreme example for all teachers today. He was teaching some vital lessons the day he spoke the words contained in the Beatitudes.

I. HAPPY MOURNERS (v. 4)  
The word "blessed" means "happy." Jesus says that those who know him and follow God's will in their daily living shall be comforted even in their times of sorrow. Who has not seen the comfort of God come to the Christian in sorrow. There is no such comfort for the one without Christ.

II. HAPPY THE MEAK (v. 5)  
Meekness is not weakness. Meekness is humbleness in the presence of God. The Christian honors God and is humble toward God. Even though it may look dark for the Christian today, the day is coming in which he shall inherit the earth. What a reward for his meekness!

III. HAPPY HUNGER AND THIRST (v. 6)

The people who really know and love Christ are hungry and thirsty for righteousness. They are not perfect, but their very imperfection causes them to be more hungry and thirsty for the righteousness that only God can give. Non-Christians know nothing of this hunger and thirst. They do not even know what it means. The reward for those who do hunger and thirst after righteousness is that "they shall be filled."

IV. HAPPY MERCIFUL PEOPLE (v. 7)

People who are merciful toward others are happy, because mercy brings happiness to one's heart.

Having mercy on a dumb animal has its reward. Having mercy upon our fellowman, God's creation, brings even greater reward. God promises that such an individual shall himself "receive mercy."

V. HAPPY PURE IN HEART (v. 8)

Purity begets purity. The world needs a heart cleansing. All of us should pray the prayer of the Psalmist: "create within me a clean heart, oh, God." Purity in heart surely has a wonderful reward. Those pure in heart "shall see God."

VI. HAPPY PEACEMAKERS (v. 9)

Peacemakers are needed everywhere today. They are needed in homes, schools, churches, cities, states and nations. We cry peace, and there is no peace. Unrest is found on every hand, because of the lack of peace. A real Christian is a peacemaker—not a trouble-maker. A real Christian will receive a great reward for being a peace maker. He shall be called a child of God.

VII. HAPPY PERSECUTED (v. 10)

Notice that this refers to those who are "persecuted for Christ's sake." If you do something wrong and have to suffer for it, that is justice, not persecution. But, if you are persecuted because you are doing something for God; that very persecution will bring joy to your heart. Really, the kingdom of God is the reward for those who are "persecuted for righteousness sake."

CONCLUSION (v. 11-12) If in the service of your Lord you are lied about, slandered, reviled, or ever persecuted; do not feel so individual. Just remember that "even so persecuted they the prophets which were before you." Also, remember that Jesus says to you: "Rejoice and be exceeding glad; for great is your reward in heaven." Perhaps the reason there isn't any more persecution for Christ's sake, is that there are not many who stand up against evil and thus invite persecution.

## Forests Important to Area Economy; Farmers Need Right Management

By Albert Meyer  
Forests cover a greater percentage of the land area and represent more importance in the present and potential economy of southern Illinois than generally is realized.

At this season of the year forest fires are one of the bugaboos adversely affecting this important natural resource. Not only do the fires bring substantial and immediate financial loss, but this loss is magnified by damage to young trees and by destroying the protecting ground cover of decaying leaves that increases the supply of humus and the water-holding capacity of the soil.

The abundance of dry vegetation in fall and winter usually coincides with the open season on upland game with hunters tramping the fields. Unthinking carelessness with matches or cigarette butts, whether by hunters or motorists on the highways, may result in a raging field and forest fire. Little wonder that the thin ranks of state and national foresters who seek to protect these forest resources find comfort in intermittent showers of rain that dampen the vegetation and lessen the danger from fires.

The southern 16 counties of Illinois contain more than a million acres of timber, according to the 1956 annual report of the Carbonale, U. S. Forest Research Center located at Southern Illinois University. The foresters say that approximately 750,000 additional acres in the area would seem better suited for growing forest crops than for other uses.

Together these acreages represent nearly 45 percent of the land area of these 16 counties.

Farmers own about 80 percent of this forest land, but many of them are not getting much of a return from their forested acres because they have not used the right management practices. Some probably know little about forest management. More concentrate on using other acres more intensively for quicker and higher returns per acre.

Forested acres may not give a big return quickly, but, under good management, will provide a steadily-growing income through the years at a low rate of labor input. Surplus farm labor may be applied to the forest for improvement or harvesting during slack seasons in other farm work. Research has provided the answers to many problems of growing, managing and using forests such as those in southern Illinois, but trained foresters are busy seeking the solutions to many other problems. Their findings are available in publications or by actual personal advice.

The forests of southern Illinois contain 2,600,000,000 board feet of sawtimber. They are growing more than 100,000,000 board feet annually, nearly twice the amount that is used. That appears to speak well for the timber resources of the area. There is a flaw in the picture, however. Many of the trees are of low quality or of species for which there is little demand. Unmanaged cut-over forests from which the good sawtimber has been removed have an oversupply of such trees which are boosting the total timber resource figure but have little cash value to the farm forest owner. Such trees, at the same time, are using the space and the plant nutrients needed by more valuable young trees which represent greater future returns.

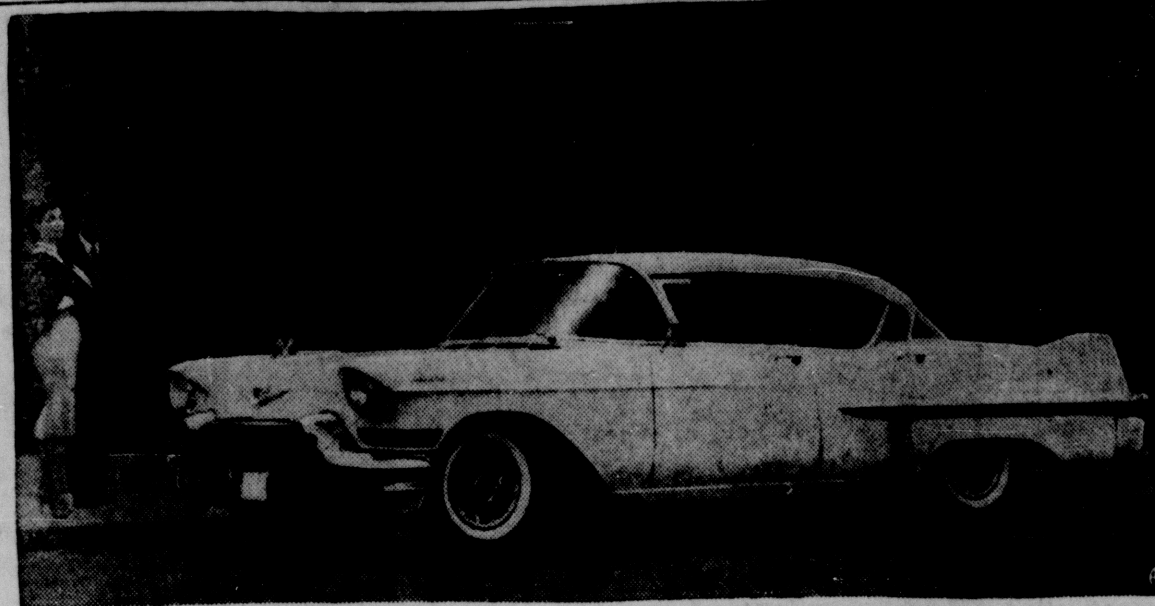

Under a timber management program the farmer may use his spare time in winter killing unwanted cull trees and harvesting mature sawtimber, even though of low grade, permitting the better quality growing trees to develop more rapidly. Management studies by the foresters provide the know-how and have demonstrated that resources in good timber rise rapidly under such treatment.

The Carbonale Forest Research Center, as well as other U. S. Forest research facilities, are seriously tackling the job of finding new and better ways of using low quality sawtimber so that the forest resources of the area may be used more fully and be worth more to the farmer.

### PTA Carnival at Equality Tonight

The Equality Parent-Teacher Association is sponsoring its annual fall carnival tonight at the grade school gym. There will be all sorts of games and prizes for everyone. There is also to be a talent show. The cafeteria will serve home-made chili, hot dogs, sandwiches, pie, cake, hot coffee and cold drinks. Serving begins at 6 o'clock. Admission will be 10c to everyone.

All proceeds from this carnival will go to the P.T.A. organization.

**SEDAN DE VILLE**—The completely new styling of the 1957 Cadillac is readily apparent in this Sedan de Ville, the four-door hardtop introduced last year. The overall car is lower, the hood and rear deck are below the fender line and a restyled Cadillac tail fin, somewhat reminiscent of the Eldorado fin, has been adapted. A new instrument panel, deep post steering column and wide selection of luxurious trims are featured in interior styling. The new 1957 Cadillac is on display today at Humm Motor Company local dealer.

## Federal Land Bank to Observe 40th Anniversary

Two representatives of the board of directors of the National Farm Loan Association of Harrisburg will attend the annual meeting of stockholders of the Federal Land Bank of St. Louis next Monday and Tuesday, Nov. 19 and 20, at which the 40th anniversary of the establishment of the Federal Land Bank system will be celebrated.

Attending from this association will be Oscar N. Stinson of Eldorado, a director of the association, and William H. Heaton of New Burnside, who is also a director.

The National Farm Loan Association of Harrisburg serves farmers in Alexander, Gallatin, Hardin, Johnson, Massac, Pope, Pulaski, Saline, Union and Williamson counties in the making of long-term land bank loans.

The 88 associations in Illinois, Missouri, and Arkansas will have delegates at the conference, and these delegates will be representing the national farm loan associations, which own all of the capital stock of the Federal Land Bank of St. Louis.

Walter H. Droste, president of the bank, indicates that land bank loans closed through national farm loan associations this year will amount to approximately 30 million dollars, an increase of 14.3 percent over loans made in 1955. About 30,000 farms in Illinois, Missouri, and Arkansas have loans totaling 145 million dollars. While the farm mortgage debt has been increasing in recent years, it is still only about 10 percent of the value of all farm real estate.

At the opening luncheon, True D. Morse, Undersecretary of Agriculture, will address the meeting on "More Financial Security for Farmers." W. I. Myers, Dean of the College of Agriculture of Cornell University, will discuss "The General Economic Situation and the Outlook for Agriculture." On the second day of the meeting, Dr. Wm. A. Albrecht, chairman of the Department of Soils of the College of Agriculture, University of Missouri, will address the meeting on "Perpetuating Our Capital."

## New 1957 Model Cadillac Now On Display at Humm Motor Company

The 1957 Cadillac, completely new from bumper to bumper, yet still unmistakably a Cadillac, is on display today at Humm Motor Company, local dealer.

In announcing the new Cadillac, Don E. Ahrens, general manager of the Cadillac Motor Car Division and vice president of General Motors, said "the 1957 car represents the most complete model change in Cadillac history."

"Our engineers and stylists literally created a new car this year," Ahrens said. "But still they retained its Cadillac personality. The overall silhouette has been lowered as much as three inches; the hood and rear deck are lower than the fender profile; the traditional Cadillac tail fin is restyled and two additional four-door hard tops make their appearance."

A restyled chrome-capped adaptation of the Cadillac tail fin makes its appearance on all models this year on the rear quarter panel. An Eldorado feature finding its way into production is the twin rear lamps—one houses the back-up light while the other contains the stop light, tail light and turn light—located directly above the vertically shaped exhaust ports. These ports include four horizontal louvers and frame the ends of the massive rear bumper.

Glass treatment also has been redone. The wraparound front windshield features supporting

posts which slant forward, more pronounced wrap-around treatment has been given the rear window.

The front end styling also is all new and behind this front end is a 300 horsepower engine, the most powerful and the highest performance engine ever offered by Cadillac as standard equipment.

Like the exterior, the interiors are completely new. Immediately obvious is the increased visibility resulting from the rear slant of the windshield pillar post. Equally apparent are the newly designed instrument panel and steering wheel with the hub recessed below the spokes for increased safety.

All models will have new front seats which are more comfortable and with a greater range of adjustments. The top edge of the backs of all front seats will have a soft rubber nosing, providing increased safety for rear seat passengers.

Another 1957 Cadillac first will be a front seat arm rest, available in all models but the 62 Coupe and Sedan. This arm rest, in addition to providing driver comfort, makes it possible to move both front seats forward at the same time in two-door models permitting passengers to enter or depart simultaneously from both sides.

## Predict Less Meat Available in '57, At Higher Prices

WASHINGTON (UP)—The Agriculture Department says there will be slightly less meat available in 1957. It will sell at higher prices than in 1956.

"Hog slaughter especially will be less than in 1956," the department said Wednesday. "Fully as many cattle likely will be slaughtered as in 1956, but average carcass weights may be enough lighter to pull down the total output of beef to some extent."

"Prices for hogs will be higher than in 1956. Those for cattle are expected at least to stay above their lowest points of 1956 and may average slightly above that year. With little change in slaughter in prospect, prices for sheep and lambs also might average slightly higher in 1957."

The swallowtail caterpillar is quite defenseless, but it has dragonlike "imitation eyes" that frighten away enemies.

## Navy Plane Crashes; 2 Dead

ATMORE, Ala. (UP)—A Navy training plane crashed Friday killing two airmen and setting afire some 20 acres of timber near here.

The T2B piston-engine plane exploded in flight and crashed into a field near the Alabama State Prison Farm, starting the 20-acre fire.

Victims were Lt. (JG) Henry L. Miller of Pensacola, Fla., and Naval Cadet Eugene T. Whitney, son of Mr. and Mrs. Percy E. Whitney of Valley Stream, N. Y. Miller's wife and two-year old daughter live at Pensacola.

The aircraft was based at Corry Field, an auxiliary to the Pensacola Naval Air Station.

## Wildcats Beat Rosiclare, 63-49; Second Victory

### Will Seek Third Win Tonight Against Shawneetown Indians

The Carrier Mills Wildcats, who picked up their second victory of this young cage season at Rosiclare last night, go for victory number three this evening when Shawneetown calls at the 'Cats' gymnasium.

Friday night's decisive 63-49 victory over Rosiclare was especially pleasing to the Wildcat fans as Rosiclare, with practically an all-veteran squad, was rated high among the smaller enrollment schools in Egypt.

But the well-balanced Carrier Mills team rolled along to victory without too much difficulty.

The balanced scoring attack displayed in the season's opening victory over Vienna was very much in evidence again last night as all six CM players in action broke into the scoring column, three hitting in double figures.

After a tight first quarter, with the score knotted 13-13, the 'Cats' began to pull away in the second frame and held a 27-23 halftime advantage. The advantage was increased to 44-34 after three quarters.

In gaining the win, the Wildcats shot a very respectable .375 from the field, hitting on 24 of 64 attempts. At the free throw line they were successful 15 times and missed 18.

Rosiclare's shooting average was .302, with the losers connecting 16 times in 53 tries. At the free throw line Rosiclare was over .500 with a 17-14 record.

The preliminary game also was claimed by Carrier Mills, 61-49.

Tonight Shawneetown plays at Carrier Mills and the Wildcats are also at home Tuesday night, hosting Cave-In-Rock.

## Carter Suffers Cut Brow in Win Over Johnson

NEW YORK (UP)—Heavyweight contender Harold Carter plans to fight again at Madison Square Garden on Dec. 21 despite the brow-cut suffered Friday night while winning a stiff television bout with substitute Young Jack Johnson, who required oxygen at the finish.

Dr. Vincent Nardiello said the seven-stitch gash in Carter's right brow should be healed in time for the sixth-ranking contender of Linde, N. J., to meet fifth-ranked Bob Baker of Pittsburgh in their postponed bout Dec. 21.

Tall, unranked Johnson of Los Angeles substituted Friday night for Baker, who withdrew Monday because of the gripple. Because he accepted the fight on short notice, Johnson wasn't "sharp." He was so dizzy and exhausted in the dressing room that Nardiello administered oxygen for nearly 10 minutes.

However, Johnson was not sent to a hospital, and Nardiello said, "He'll be all right."

## One Grid Game Remaining in South Seven Play

With only one South Seven conference football game remaining—Benton vs. West Frankfort Thanksgiving Day—it appears that the Rangers of Benton will tie with Centralia for the conference title.

Centralia already has finished its schedule and is sure of a tie, and Benton must beat Frankfort to get a top berth. The two teams tied each other when they met early in the season.

Harrisburg landed in sixth place, ahead of West Frankfort, in the standings. Herrin, which started slow, and Marion, which started fast tied for third and Mt. Vernon fifth.

The final standings except for the Benton-Frankfort tilt:

Team	W	L	T
Centralia	5	0	1
Benton	4	0	1
Herrin	3	3	0
Marion	3	3	0
Mt. Vernon	2	3	1
Harrisburg	1	5	0
West Frankfort	0	4	1

## Arizin, Johnston Pace Warriors To 123-97 Victory

By United Press

Paul Arizin and Neil Johnston, the "old pros" of the Philadelphia Warriors, are beginning to hit the mark and their momentum has moved the defending champions into a first place tie with the Boston Celtics in the National Basketball Association.

Arizin hit for 27 points and Johnston for 21 Friday night to pace the Warriors to an easy, 123-97, win over the Minneapolis Lakers. The point total represented Philadelphia's high for the young season and also marked the Warriors' second straight win.

The Lakers, who defeated the Syracuse Nationals on Thursday night, tried to stay with the hot-shooting Warriors, but Clyde Lovellette was the only one able to score consistently. The huge Minneapolis center connected for 25 points to pace the losers.

In tonight's action, the Warriors meet the Nationals at Camden, N. J., Rochester is at Boston and Fort Wayne plays the Hawks at St. Louis.

Motorist Tangles With Deer, Winds Up In Crab Orchard Lake

CARBONDALE, Ill. (UP)—A motorist tangled with a 200-pound deer and wound up in the gold waters of Crab Orchard Lake Friday.

Authorities said William Tinsley, 28, Carverville, was going to work when the four-point buck ran in front of his car. The collision killed the deer and threw Tinsley's car out of control. He managed to grab some rose bushes as his car rolled into the lake and pulled himself up on the bank.

## Ridgway Defeats Pope County, 64-55; Cave Edges Galatia, 39-37

Ridgway and Cave-In-Rock today stand at the top of the Greater Egyptian conference standings after one week of play, each with two victories in as many starts.

Friday night Ridgway won from Pope County 64-55 and Cave-In-Rock beat Galatia 39-37.

Ridgway, playing on the home floor for the first time this season, gave the fans a thrill by breaking away for a 16-3 first quarter lead. With only 45 seconds remaining in the frame Ridgway was sporting a 14-0 advantage, then Billington hit a free toss to break the scoring ice for Pope County.

Ballard was the big scoring gun for Ridgway in the opening frame, Lawler and Suttner were rebounding nicely and Suttner was proving his worth by batting away Pope County shots before the ball was far from the shooter's hands.

In the second quarter Pope County began to roll, outscoring the Gallatin county boys 20-10 and at halftime the score read 26-23 in favor of Ridgway.

The third quarter belonged to Ridgway 20-14 and each club scored 18 points in the fourth frame.

Suttner's 20 points was high for the winners and tied him with King of Pope County for the evening's scoring honors.

## Saigon Reports Red Soldiers Killed In Viet Nam Revolt

SAIGON, Indochina (UP)—Reports reaching Saigon today from Communist North Viet Nam said "many Communist soldiers" had been killed in a revolt against the Red regime of Ho Chi Minh.

The reports were received here by the French News Agency from its resident correspondent in Hanoi on the eve of a visit by Chinese Communist Premier Chou En-lai.

In Washington, U. S. officials said reports of uprisings in North Viet Nam appear to be repercussions of freedom uprisings in Eastern Europe. The Red Viet Nam government said Friday in a broadcast monitored by the State Department in Washington that some troops near the city of Vinh were attacked in a "counter revolutionary uprising" and some were killed or wounded.

## Centralia Bar Patron Clubbed by Bandits In St. Louis Robbery

ST. LOUIS (UP)—A Centralia, Ill., bar patron was knocked off his stool by two bandits who robbed a St. Louis Tavern Friday of about \$13,700.

The masked gunmen entered the tavern at 6132 N. Broadway and terrorized the proprietress and five patrons, forcing them to lie on the floor with threats to kill them.

One customer, W. H. Haste Jr., of Centralia, was knocked off a stool and clubbed on the head with a pistol butt by one of the robbers.

Haste required treatment for scalp wounds at City Hospital.

Mrs. Ann Hagerty, who operates the tavern with her husband, said the money was on hand to cash payroll checks.

## Mother Kills Daughter, 20, In Fit of Rage

GREAT LAKES, Ill. (UP)—The FBI today continued their investigation of the death of a 20-year-old woman who was shot by her mother in a fit of rage following a marital quarrel involving the victim's stepfather.

Authorities said Mrs. Storm J. Cooper, Joplin, Mo., shot down her daughter, Mrs. Carol Evelyn Pieroni, Friday in the government dental office of her husband, Dr. Roland A. Cooper.

Deputy Sheriff Norris Froelich said the argument was apparently triggered when Mrs. Pieroni sided with her stepfather in the battle. He said Cooper had ordered a warrant sworn out charging his wife with forgery.

Mrs. Pieroni, wife of a Northwestern University medical student, had telephoned the sheriff's office Friday to inform authorities they could serve the warrant on her mother at Cooper's home in nearby Lake Villa, Froelich said.

He said Mrs. Cooper became enraged at her husband's home and drove to his office on the Farnsworth government housing project near the Great Lakes Naval Training Center.

Cooper was not there when she arrived, but Mrs. Pieroni was. The mother and daughter began shouting at each other, people in the building said, and the argument ended in three pistol shots.

Dr. Robert Schnell ran in from another office and said he found Mrs. Cooper collapsed in a chair, holding a .25 caliber automatic, sobbing, "I didn't mean to do it." The victim had slumped to the floor, Schnell said, shot in the shoulder and near the heart.

The FBI was assigned to the case because the shooting occurred on government property.

## Jealous Lover Kills Hillbilly Singer's Ex-Wife and Self

MEMPHIS, Tenn. (UP)—A lover's jealousy, favorite subject of folk ballads, brought death Friday to a hillbilly singer's ex-wife and her swain.

Police said Robert L. Cullipher, a used car salesman opened fire with a pistol, instantly killing Mrs. Dora Mae Chance, 30, at a downtown intersection. Then he fatally shot himself in the temple. He died seven hours later.

Cullipher, police said, was the "jealous lover" of Mrs. Chance, divorced wife of hillbilly star Floyd Taylor (Lightning) Chance.

Chance is a regular performer at the "Grand Ol' Opry" at Nashville, Tenn.

## Train Hits Tank Truck, Is Covered With Blazing Oil

PALATINE, Ill. (UP)—Some 75 persons escaped injury when a passenger train was covered with blazing oil after it rammed a tank truck.

The driver of the truck and a passing motorist were treated and released for minor cuts and bruises. Flames flickered over the nine coaches of the Chicago and North Western Railway train, traveling from Madison, Wis., to Chicago Friday.

About 1,000 gallons of oil provided fuel for the flames, which were shortly extinguished by Palatine firemen.

William Jonas, 44, Des Plaines, Ill., the truck driver, said he was blinded by sunlight as he approached a crossing, and failed to see the train until it was only a few feet from him.

## Key Figure in Lobbying Probe Relieved of Duties

ST. LOUIS (UP)—Harry C. Williamson, a key figure in the payment of a \$35,000 lobbying fee involving former Illinois Auditor Orville Hodge, was relieved of his duties with Union Electric Co. in St. Louis Friday.

J. Wesley McAfee, president of U.E., announced that Williamson no longer will have anything to do with duties "which require him to deal with public officials or government agencies."

Williamson was stripped of the duties of Union Electric real estate and tax officer upon his own request, pending the outcome of investigations of the \$35,000 fee.

McAfee called for a "completely public" inquiry, saying NE would be "better off in the long run to develop the facts and face up to such mistakes as we have made."

McAfee said he does not believe Hodge was included in the company's payment to J. Roy Browning, Chicago attorney hired to handle legislation in Illinois for the company. He also attacked Browning's credibility.

## Gas Truck Driver To Be Brought Before Grand Jury

HERRIN, Ill. (UP)—A coroner's jury has recommended the driver of a propane gas truck which exploded and killed nine persons be brought before the Williamson County Grand Jury.

Louis H. Scheffer, 50, the driver, was unable to appear before the jury because of a physician's advisement.

State's Atty. Carl Sneed said the next session of the grand jury will convene in February.

Testimony at the inquest indicated that the blast was the result of both human and mechanical failure. Asst. State Fire Marshal Roy R. Richardson said four tank valves on the truck were open and a leak from one would have been enough to cause an explosion.

The blast occurred Oct. 13 when Scheffer backed his truck to a loading dock in preparation for unloading tanks of the propane gas. Thirteen persons were injured when the flames enveloped nearby houses. Only four of the victims survived.

**Industry Sets Production Records**  
WASHINGTON (AP) — The nation's industry set a production record in September and October, and shows signs of breaking the new record this month.  
September and October production climbed to 145 on the Federal Reserve Board's index, which uses average production for the years 1947-49 as a comparison basis of 100. This means production in those months was 45 per cent higher than the 1947-49 average. The previous record was 144 last December.  
There are 336 automotive wholesalers in Michigan.
